Experienced Full Stack Developer with 4+ years of experience building responsive user interfaces and delivering high-quality web applications. Skilled in React.js, Next.js, JavaScript, CSS, HTML, and full-stack technologies. Proven track record of collaborating with teams to exceed business goals. Strong problem-solving skills and a commitment to writing clean, efficient code ensure project success.

SKILLS

- **Frontend Development:** React.js, Next.js, React Native, JavaScript, TypeScript, HTML, CSS
 - **Backend Development:** Java, C#, ASP.NET, Node.js, Express.js, Python
 - **Database:** SQL, MongoDB, PostgreSQL
 - **Cloud Platforms:** AWS, Azure, GCP
 - **Development Tools:** GitHub, JEST, Junit, VSCode, Android Studio
 - **Project Management & Collaboration Tools:** Jira, Confluence
-

PROFESSIONAL EXPERIENCE

Software Developer

Nov 2024 - Present

Qord Inc., Waterloo, On, Ca

- Designed and developed scalable, distributed mobile applications using React Native, leveraging MongoDB, GraphQL, and Google Firebase for backend integrations.
- Built reusable NPM modules and components, enhancing development efficiency across multiple projects.
- Collaborated with backend engineers to design and implement GraphQL APIs for seamless frontend-backend interactions.
- Optimized application performance by minimizing CLS and LCP, leading to faster load times and improved user experience.

Process Analyst

Sep 2024 - Dec 2024

Conestoga College, Kitchener, On, Canada

- Collaborated with subject matter experts to map existing workflows, automated tasks, and user interactions, creating detailed and accurate process documentation.
- Developed comprehensive process flowcharts, narratives, standard operating procedures (SOPs), and diagrams to ensure clarity and accessibility for stakeholders.
- Worked with stakeholders to identify areas for improvement in existing processes, updated documentation accordingly, and communicated changes to relevant teams.

Full Stack Developer

Jul 2021 - Aug 2023

Accenture, Pune, India

- Led the development of 20+ new features using React.js, TypeScript, Redux, Next.js, and APIs, resulting in a 40% increase in user satisfaction and a 25% improvement in conversion rates.
- Designed and implemented 10+ reusable components and web libraries, streamlining future development cycles and reducing development time by 30%.
- Executed optimization strategies to ensure web applications met speed, scalability, and security standards, resulting in a 60% improvement in page load times and a 50% reduction in security vulnerabilities.
- Collaborated closely with the QA team to identify and resolve critical bugs, resulting in a 20% reduction in production defects.

- Designed and implemented 15+ responsive site layouts and user interfaces using React.js, JavaScript, HTML, and CSS, ensuring a seamless user experience across all devices .
 - Optimized website performance to improve page load times by 35%and reduce bounce rates by 20%.
 - Collaborated with the UI/UX team to refine user interface ideas and enhance application functionality, resulting in a 25% increase in user engagement.
-

EDUCATION

Conestoga College

Graduate Certificate in Mobile Solutions Development

GPA - 3.8

Savitribai Phule Pune University

Bachelor's in Computer Engineering

CGPA - 8.3

Zeal Polytechnic

Diplome in Computer Engineering

Percentage - 82%
